I guess it is a such amazing experience. The life need to be exciting. A changing of careers and places <sup>2c</sup> ~~is~~ is important. If you ~~live~~ <sup>work</sup> ~~of~~ whole of your life in the same place it is really boring. You see <sup>4c</sup> a same people, a same views ~~an~~ every day. You wake up and think: "Today I will see my employs and my <sup>6c</sup> ~~work~~ work place. ~~Again~~. As yesterday." Every person need a changing.

And career needs to change or get a second job. You should ~~not~~ have two jobs and work with no stopping. But if you ~~are~~ ~~be~~ tired, you can change your <sup>10c</sup> activity. For example, someone has been working in office <sup>c</sup> ~~in~~ <sup>for</sup> twenty years. ~~But~~. Clearly he is tired and bored but he has got a second education <sup>11c</sup> Kind of translator of Spanish language. And he comes to ~~his~~ boss and says "Hey, <sup>14c</sup> ~~I am~~ I can speak on Spanish and I am fired." And ~~the~~ he was really fired. After this he went <sup>16c</sup> in Spain and translate English books for natives. And he is ~~be~~ happy since his the career changing. The new place of job and what the most <sup>18c</sup> important the ~~new~~ new job. It is not tired him.

For the end I wanna say: a changing of career and <sup>20c</sup> place of residens are <sup>21</sup> must have for everyone. / 211 a.106
